PRICE TWO CENTS.

POTATO BOYCOTT IN PROGRESS HERE

Housewives Being Urged to Discontinue Use of Spuds Until The Price Declines.

JUST LIKE EATING MONEY

Understood That Housewives' League of Indiana is Back of Scheme to Defeat H. C. L.

Various plans are in progress throughout the country in an effort to take the "high" out of the H. C. L. The latest scheme that has been launched here is backed by a number of housewives who believe that if the demand for potatoes was reduced the price of this commodity would take a positive and certain fall bringing it again within the reach of those who are accustomed to serving potatoes.

It is understood that several housewives in Seymour have suggested to their friends that a potato boycott be instituted. Those whose attention has been called to the plan have been asked to suggest it to their friends. In this way an endless chain of suggestions is in progress and if the housewives live up to their pledges potatoes will likely become a drag on the local market.

Spuds or "Murphys" as they are sometimes affectionately called, are selling anywhere from \$4.50 to \$5.20 a bushel. This "low" price, of course, refers only to potatoes for table use. Seed potatoes are considerably higher if they are obtainable at any price. Many farmers and city gardeners who have priced seed potatoes have decided not to buy them but to use so-called table spuds for seed. It is said there is very little difference with the exception that seed potatoes are supposed to mature a little earlier and are said to be of a slightly better quality.

The high price charged for potatoes means that there will be a shortage so far as the local crop is concerned next fall. Quite a few farmers in this county raise potatoes for the market, but they say that the seed is now so high and the crop so uncertain that they will plant only enough for their own use. This will naturally result in a smaller crop in this community.

Just what affect the housewives' boycott will have is problematical. It is understood that the movement is quite general throughout the country and if this information is true the price will likely fall some when the commodity begins to move slowly. Dealers say that the present unprecedented prices are due to a shortage rather than to any attempt to manipulate the market. The potato crop in Jackson county was a failure last year and the yields in the principal potato producing districts of the country were also much under normal. However, the housewives take the attitude that even if there is a shortage the price can be brought down by reducing the demand.

INSANITY INQUEST

Mrs. Harriett Miller Adjudged Insane by Three Physicians.

Mrs. Harriett Miller, who resides on East Second street, was adjudged insane by an insanity board composed of Dr. J. H. Niles, Dr. A. G. Osterman and Dr. E. B. Chenoweth at an inquest held at the city building this afternoon. Mrs. Miller was taken to Brownstown this afternoon by H. L. McCord, county sheriff, and will be taken to the Southeastern hospital, at Madison, in a few days.

Mrs. George D. Bennett, of Hamilton Township, Asks \$10,000 Damages From Edinburg Firm.

AUTOMOBILE STRIKES BUGGY

Plaintiff and Two Daughters Thrown to Road—Enroute to Patriotic Meeting at Honeytown.

A suit in which Mrs. George D. Bennett, of Hamilton township, seeks \$10,000 damages from L. L. Vandergrift and the H. T. Thompson Veneer Company, of Edinburg, for injuries alleged to have been sustained in an accident which occurred near Honeytown on the night of September 27, 1918, is on trial in the Bartholomew circuit court. The case was originally filed in Johnson county but was venued to Bartholomew county for trial. A number of Jackson county people have been summoned as witnesses. Montgomery & Montgomery, local attorneys, represent the plaintiff.

The plaintiff completes its testimony about noon and the defense was expected to call its last witnesses during the afternoon. Court officials in Bartholomew county were of the opinion that arguments might be started tonight. The case will be finished tomorrow. The defense has employed White & Owen, of Franklin, and Kollmeyer and Sharpnack, of Columbus. The Columbus firm of Baker & Richman, was assisting Montgomery & Montgomery for the plaintiff.

The accident occurred just at the close of the Fourth Liberty Bond

FORMER RAILROAD BRAKEMAN DIES AT EAST ST. LOUIS

Body Will Be Brought Here Saturday Morning for Burial in Riverside Cemetery.

Frank J. Voss, local undertaker, received a message this morning from W. J. Kelso, of East St. Louis, Ill., stating that the body of his brother, S. G. Kelso, a former resident of this city, would be shipped to this city for burial. The body will arrive here on Baltimore & Ohio passenger train No. 12 due to arrive here at 4:42 a. m.

The deceased was a former resident of this city and had several relatives and many friends living here. He was formerly employed here as a brakeman on the Baltimore & Ohio railroad. The funeral arrangements will not be made until the relatives accompanying the body arrive here.

THEODORE VAIL EXPIRES AT BALTIMORE HOSPITAL

Former President of American Telegraph & Telephone Company Dies of Heart Disease.

By United Press.

Baltimore, April 16—Theodore Vail, former president of the American Telephone & Telegraph Company, died at the John Hopkins hospital here today. Vail became chairman of the board of directors of the American Telephone & Telegraph Company upon his retirement as president and held that position at the time of his death. He suffered from heart trouble, according to his physicians. The funeral probably will be held Sunday.

SEA SLED MAKES 43 MILES AN HOUR

A 32-foot standard navy sea sled running at 43 miles per hour. Two of these boats ran from Boston to Bay Shore, Long Island, a distance of 256 miles, against a 25-mile head wind in eight hours, five minutes, an average speed of 32 miles per hour. This performance completely outclassed that of any other motor boat of similar size made under similar weather conditions.

JACKSON COUNTY A BATTLE GROUND

Democratic Congressional Aspirants Concentrate Activity in This Community.

FIVE CANDIDATES IN FIELD

Local Party Leaders Predict That Vote Will be Divided and Outcome is Uncertain.

Jackson county has become one of the principal battle grounds in the five cornered fight for the Democratic nomination for representative from the Fourth congressional district. Formerly this county was regarded as a Democratic stronghold in the Fourth district but the election in 1918 smashed all precedents to the proverbial smithereens and it is no longer regarded as certain Democratic territory. However, the five Democratic aspirants for the congressional nomination are hopeful that the county will be returned to their party this year and recognize the importance of making a hard fight for the plurality vote in the coming primary.

The Democratic congressional fight is rather muddled there being five candidates in the field with practically equal chances.

PROTEST STRIKE LATEST SCHEME OF WALKOUT GROUP

Leaders of Outlaw Strikers Insist Government Must Offer no Interference.

By United Press.

Chicago, April 16—A "protest strike" will be launched against government interference in the outlaw railroad strike by the latter leaders it was announced here today.

The two big chiefs in the strike movement, it was stated, planned to surrender themselves to federal authorities, refuse bail and force the government to place them in jail where they said they will remain until released. This would also serve said strike leaders, to notify strikers throughout the country that its leaders have not given up.

The two "martyrs" who offered themselves for the "protest strike", are John Grunau, president of the Chicago varden's association, and H. W. Reading, head of the united engineers' association. Grunau declared the strikers will continue to stay out until they have been assured a living wage.

REPORT FILED ON G. O. P. PLATFORM

Advisory Committee Outlines Planks Upon Which Campaign Will Be Waged.

APPROVAL OF THE TAX LAW

Urges Erection of Memorial Building, Higher Wages for Teachers and Pure Seed Law.

The Republican platform advisory committee, in session yesterday in Indianapolis, indorsed the state tax law and "pledged the Seventy-second General Assembly to make any modifications that experience may demand after a fair and impartial trial." The committee, in the only specific revision recommended, urged the exemption of household goods of a certain value from taxation.

Frederick E. Schortemeier, secretary of the Republican state committee, explained that the recommendations will be submitted by the resolutions committee of the state convention merely as a guide, and that they are not binding.

The full text of the tax law recommendations is as follows:

"We commend the Seventy-first General Assembly for its courage in responding to the popular demand in the enactment of a law providing a just system of taxation. Believing that the friends of tax reform should perfect the system, we pledge the Seventy-second General Assembly to make any modifications in the tax law that experience may demand after a fair and impartial trial thereof. We favor the enactment of a law by the next General Assembly which shall exempt from taxation household goods of a value to be fixed by said General Assembly."

The committee also recommended "immediate and united support for the erection of a state memorial building commensurate with the services and sacrifices rendered by Indiana soldiers, sailors and marines." Among other important state questions the committee urged the enactment of a blue sky law that would "protect the citizens from unscrupulous and irresponsible stock dealers;" the institution of a national and state budget system, and increased salaries for teachers.

The considering of other proposed platform planks was outlined in a statement issued by Mr. Schortemeier, Jesse E. Eschbach, State Senator Oscar Ratts and Charles Martindale, a committee on publicity, as follows:

Conservation of State Resources—Advocate such legislation as is necessary to preserve coal supply by utilizing water supply of state; favoring preservation of forests.

Efficiency and Economy in Federal Government—Emphatic condemnation of extravagance of waste of national Democratic administration; pledging Republicans to rigid and strict economy.

Federal Taxation—Favor rapid and material reduction in Federal

WORKING FORCES ARE LARGER TODAY

Striking Railway Switchmen and Yardmen Gradually Returning to Posts.

WARNING BY BROTHERHOODS

Service Improving in East and Passenger Trains Operated on Usual Schedules.

The general situation in the strike of railway switchmen and yardmen was reported improving in many parts of the country today. College students and other volunteers were joined by small groups of outlaw strikers returning to work in operating trains throughout the east.

The strike at Indianapolis was believed broken today following resolutions adopted by five hundred members of the four railroad brotherhoods urging strikers to return. Railroads reported increased working forces early today. Indications were the ranks of workers would be steadily increased.

Brotherhood officials in New York renewed their efforts to induce striking switchmen and yardmen to return to work immediately. Railroad managers sent notice to the brotherhood representatives in the New York district stating they would keep their books open until Sunday noon only for the strikers to report who are acceptable.

Brotherhood representatives warned the men they had better go back, while the going is good.

Railroad service in the east continued to show improvement today. Passenger traffic was practically restored to normal here through return of some strikers and aid of volunteers. Officials stated more freight was being moved every day. The prospect for unhampered food distribution in New York appeared brighter today than at any time since the strike was called. Besides improvement of rail service, the longshoremen's strike against the United Fruit Co. and on piers of the fall river and other sound lines was settled and teamsters handling the bulk of the city's produce who walked out yesterday, returned to work at a \$5 weekly increase.

Pending arrival of members of the railway labor board who have been called by president Wilson to meet in Washington as soon as possible and attempt to settle the railroad strike the government today was occupied with the task of preventing the trouble from spreading. Radicals who are suspected of fomenting trouble are under surveillance, it was learned and arrests are likely.

The response by the workers to the attorney general's charge that they were being led by the I. W. W. and the communist internationale, of Russia in an effort to overthrow the government has been disappointing, it was indicated. Officials expected the result would be collapse of the strike and a great movement of "back to the job."

The situation, however, was considered little improved. In Washington, the Potomac yards had been resumed but food shipments into the capital were at a standstill.

Brotherhood Chiefs Confer.

By United Press.

Cleveland, O., April 16—Heads of three of the big railroad brotherhoods went into conference here on the ultimatum of the railroads' general managers' association of New York which called for the return of strikers by noon tomorrow. Unless the brotherhoods have the men back at that time the managers say they will open their books for reemployment of strikers "who are acceptable."

John M. Lewis went to Scottsburg this morning where he is an attorney in a case that is being tried there today. Judge Lewis spent the entire week at Scottsburg looking after cases in which he is interested in the Scott circuit court.

ALLIES THREATEN BLOCKADE RENEWAL

Germany Notified That Disarmament Section of Treaty Must be Carried Out.

FOUR POWERS SIGN NOTE

Former Members of Von Kapp Movement Reported Active in Revolution Endeavor.

By United Press.

Paris, April 16—France, Great Britain, Italy and Belgium have agreed unanimously to notify Germany they will break off diplomatic relations unless immediate and complete disarmament is carried out as provided by the treaty of Versailles, it was learned from official sources here today.

The allies will threaten renewal of the blockade in event any insurrectionary government in Berlin refuses to recognize and carry out the treaty.

Dispatches to the French foreign office from Germany said heavy detachments of troops were concentrating in one district. A movement similar to the Von Kapp revolution was expected.

Reports of the impending movement were partly confirmed by advices received by British officials from representatives in Germany. Many of the leaders were said to be men prominent in the Von Kapp movement who escaped arrest when that insurrectionary group was driven from control by the general strike.

CARRANZA WANTS TO SEND TROOPS THROUGH THE U. S.

State Department Has Request Under Advisement—Rebels Near Border.

By United Press.

Washington, April 16—The Mexican government has asked the state department to permit transportation of Mexican troops through United States territory to fight the rebels in Sonora, it was learned today. Carranza wants to send his troops on American railroads across southern New Mexico and Arizona from Chihuahua to Sonora. The result of the movement would likely be a battle on the border, it is believed. Government officials have the Mexican request under consideration.

LABOR BOARD CONSIDERS TRAINMEN'S WAGE DEMANDS

New Commission Reviews Question at First Meeting Since Members Were Named.

By United Press.

Washington, April 16—The railroad labor board meeting for the first time today prepared to take up at once the demands of labor trainmen for higher wages. Seven members of the board were present at the initial meeting.

Demands of trainmen over which union leaders and railroad managers disagreed several weeks ago will be taken up first in hope that the action will help stop the outlaw strike.

FOUR TOWNS FALL

Sonora Insurrectionists Overcome Carranza Forces.

By United Press.

Auga Prieta, Mexico, April 16—Four towns in Sinaloa have fallen before the invading Sonora state troops, according to a report to the divisional headquarters here today. Following the first battle between the Carranza troops and the Sonora forces, the Carranza garrison surrendered after one hour's fighting and joined the Sonora movement.

Leffingwell Resigns.

MANHATTAN SOAP COMPANY, NEW YORK CITY

eral. Thousands of dollars of money has been lost in this way.

The savings division of the treasury department has issued the following timely bulletin:

Buried treasure always has been a phrase to conjure with in America, but those who have become rich by finding it are almost unknown. Many a farmer, whose plough point has turned up an old coin has dropped the handles of his plow and left his fields unplanted while he dug unprofitable holes for buried silver. The wealth was under the plough point but it was not in the form of pieces of eight but lay in the cultivation of the soil itself.

The whole coast of the United States from Block Island to Sabine Pass on the Gulf of Mexico has been dug over by treasure seekers hunting the buried loot of Captain Kidd and Lafitte but the only discovery thoroughly authenticated was that made near Montauk Point, Long Island where a part of the wealth taken by Kidd from the Quedah Merchant, a treasure ship was found. That money went into the treasury of the Colony of New York.

When you sell or trade your Liberty Bonds and War Savings Stamps for get rich quick stocks you are hunting buried treasure and you have just about as much chance to get rich at it as those people who have dug up the Atlantic sand dunes along the coast.

Around these offerings as around pirate treasure, a cloak of mystery is thrown. Pieces of eight have an enticing mysterious sound but there is no mystery about pirate treasure. Pieces of eight were just plain common ordinary Spanish dollars made up of eight reales or bits. Like our

dollars there were compiled by adding one bit or twelve and a half cents to another to form two bits or a quarter and adding two quarters to form four bits or half dollars which placed together made pieces of eight. They did not become pirate treasure until pirates had taken it from those who earned and saved it by trickery or force.

Your dollars, earned by hard labor and saved through care and self sacrifice will be changed into pirate gold if you sell or trade your money or government securities for wild cat stocks. But the promoters

and salesmen who are as truly pirates as any who scuttled a ship will get the treasure not you. You will never get rich hunting for their hoards. You can both find and keep your treasure by putting the results of your labor in safe sound government securities.

campaign. Mrs. Bennett and daughters, Lenora, aged seventeen, and Grace, aged fifteen, were driving from their home to Honeytown to attend a patriotic meeting at which Dr. T. E. Staton, Canadian officer, was the principal speaker. Dr. Staton was accompanied by Nathan Kaufman and Claude Carter.

Mr. Bennett had gone to the Honeytown meeting in advance of his family. As Mrs. Bennett and her two daughters were approaching Honeytown it is alleged that the Thompson machine driven by Vandergrift crashed into the buggy. The driver was accompanied by J. E. Scanling, of Indianapolis, a timber buyer. The men had inspected some timber in Washington county and were enroute home. They lost the main road after they left Freetown and were trying to get on the Seymour road. The automobile was without lights as the globes had been burned out during the early part of the evening.

Mrs. Bennett suffered severe injuries and her daughters were also hurt. Mr. Carter, Mr. Kaufman and Dr. Staton were the first to reach the injured people. Dr. Staton who is a physician, administered first aid and Mrs. Bennett was removed to her home.

Vandergrift and Scanling drove the automobile to Seymour and spent the night here. On the following morning an informal hearing was held before Mayor C. W. Burkart but no prosecution followed.

It is said that Mr. Bennett later tried to communicate with the parties in an effort to effect a settlement but his letters were not given serious consideration. He then placed the case in the hands of the local attorneys and some time afterwards the suit was instituted.

Fordson

TRADE MARK

Farm Tractor

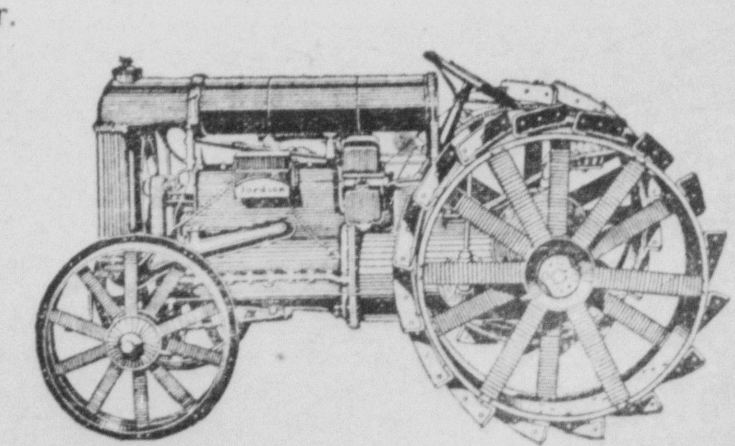

On the farm, just as in the big factories in the city, the machine way of doing things is quicker, easier, better. The Fordson way is the machine way of farming. It will help you to raise more per acre, thus increasing your income. It will help you to do more work in a day. It will lighten your work; and make your work easier for you.

The Fordson doesn't stop with the field work. It is a flexible, all around power plant, ready for use during the entire year, and at a remarkably low cost of upkeep. And there's work for the Fordson on every farm every day in the year.

The Fordson is very simple to operate—a school-boy can drive it.

The Fordson dealer will be glad to explain it to you, and tell you why it is a profitable investment.

SOCIAL EVENTS

BREAKFAST.

In honor of Miss Luella Toms, whose marriage to Dr. H. P. Graessle, will take place soon, Mrs. Linden C. Hodapp entertained this morning at ten o'clock with a beautifully appointed breakfast at her home corner Poplar and Sixth streets. The guests included eleven of the honor guest's most intimate friends.

White crepe paper streamers extended from the chandelier above the table to the four corners of the room, where they were caught with large bows of ribbon, and the chair for the bride-elect was marked with a large bow of white ribbon. The centerpiece for the table was a bouquet of white flowers and greenery.

Above the table was arranged a white parasol from which were hung ropes of smilax and wistaria. Small green and white ribbons extended from the parasol, one for each guest. Miniature bags of rice, tied with small gold bells were attached to the ribbons for the guests, and the ribbon for the bride-elect reached to the gift.

The place cards were hand painted slippers and wedding rings, and the favors were miniature gold slippers and rings with white doves.

An elaborate three course breakfast was served. The ices were molded in the shapes of slippers and rings.

Covers were laid for Mrs. Elizabeth Petterman, Mrs. Bernetta Starr, Mrs. Lora Stewart, Mrs. Edna Sanders, Mrs. Alma Appel, Mrs. Margaret Hall, Miss Kathryn Hancock, Miss Mary Gillespie, Miss Ethel Rottman, Miss Elsie Reynolds and Miss Toms. Mrs. Lois Stiles, of Cincinnati, was an out-of-town guest.

RIEHL—PERKINSIN.

Miss Irene Riehl, daughter of Mr. and Mrs. Frank Riehl, of Indianapolis, and Will Perkinsin, Chicago, were united in marriage at nine o'clock Thursday morning at the close of high mass in the St. Anthony church, Indianapolis. Rev. Fr. Burns, pastor of the church, officiated.

The attendants were Miss Stella and Walter Riehl, sister and brother of the bride.

The bride wore white, with a large picture hat, and carried white bride's roses. The bridesmaid wore pale pink, with picture hat and carried pink roses.

Immediately after the ceremony

they left for a two months' visit through the eastern states, after which they will make their home in Chicago.

Mrs. Perkinsin who is well known in this city, formerly resided here. She left several years ago with her parents for Indianapolis, where she has since made her home.

Miss Madeline Riehl, of this city, a cousin of the bride, was among the guests at the wedding.

FOR BRIDE-ELECT.

Mrs. John Groub and Mrs. Thomas Groub entertained with a combination shower and luncheon bridge this afternoon at the latter's home corner Poplar and Seventh street, in honor of Miss Luella Toms, a bride-elect.

The thirty-two guests were seated at small card tables arranged throughout the spacious rooms, and bouquets of carnations and brides roses were used. The table at which the honor guest was seated was arranged in the breakfast room and was especially beautiful. The decorations there were of white ribbon streamers and bows and a large basket of bridal roses.

A two course luncheon was served and the afternoon spent with games and bridge and five hundred.

At the close of the afternoon's play, Miss Toms was surprised to hear the strains of a wedding march, and Miss Emmy Lou and Tommy Groub entered, dressed as miniature bride and groom, and presented the gifts to the honor guest.

DANCE.

Approximately thirty-eight couples attended the dance given last evening at the Moose hall on Washington street. A moonlight dance was a feature of the evening. Excellent music for the occasion was furnished by the Becket-Davis orchestra, composed of Jack Becket, piano; Rube Davis, drums, and Karl Braskett, saxophone, all of Seymour.

Among the out-of-town guests were Mr. and Mrs. Ed Steinkamp, and daughter, Dorothy, Mr. and Mrs. Lemuel Day, Miss Alma Steinkamp, Miss Della Kleinmeyer, of Seymour; Miss Nora Gerton and Howard Morrow, of Wabash, Ind.—Columbus Ledger.

ATTEND BANQUET.

Misses Esther Humes and Cora Ross of this city, were among the guests at a banquet given in the Chamber of Commerce building Thursday by the employees of the Daily Ledger, Columbus, and a number of invited guests, as a farewell reception for Mrs. Bertha Sage, bookkeeper. The favors were red and white crepe paper baskets filled with red and white mints and miniature copies of "The Ledgerville Evening News" were used to mark the covers for the guests. Miss Helen Hoefkamp, of this city, is society editor, on the Ledger.

MOTOR PARTY.

Mrs. Phi Morton, Mrs. Giles Mangel, Mrs. Fred Needham, Mrs. M. H. Welch, motored to Columbus Thursday and spent the day with relatives and friends.

Boy Scout Troop No. 1.

An invitation has been extended to the scouts of our troop to attend the meeting of the Fish and Game Association tonight at 7:30 in the K. of P. building. Mr. George N. Mannfeld, superintendent of fisheries of the Indiana Department of Conservation will speak. The scouts are asked to assemble at the Baptist church to go in a body with the members of Troop No. 2. J. H. More, Scoutmaster.

H. L. McCord, county sheriff, was a business visitor in the city today.

DID NOT EXPECT HER TO RECOVER

Ten Years Trouble Quickly Overcome
by Tanlac—Now in Splendid
Health.

"When I started taking Tanlac I was in such bad condition that few if any of my friends and neighbors ever expected me to get well, but now if I ever felt better in my life I don't remember it," said Mrs. Elizabeth Bessler, 1025 North Adams street, Peoria, Ill., recently.

"For the past ten years," Mrs. Bessler continued, "I suffered from stomach trouble so badly I could not eat a single mouthful without it nearly killing me, and as nothing I took seemed to do me any good I had long given up all hope of ever getting any better. After eating the least thing I would puff up something awful with gas that pressed against my heart, causing it to act so strangely it would frighten me. At times I had such terrible cramping pains in my stomach I thought I would die. My kidneys troubled me a great deal and I had such intense pains in my back every time I stooped over it felt like a knife was being stuck in me, and often a sharp, shooting pain in my back would be so awful I would nearly faint. I also had bad dizzy spells, when black spots would come before my eyes and I could not see a foot from me, and to keep from falling I had to sit right down or catch hold of something. I had lost weight until I was scarcely more than a frame, and I was in misery from the time I got up until I went to bed.

"As I had seen so many good things being said about Tanlac I asked my husband to get me a bottle, and I was certainly pleased at the results. I continued taking it until I finally got so I could eat just anything I wanted without its hurting me a particle. I am never troubled with gas any more and the pains in my back and stomach have left me entirely. I have regained my lost strength and weight, and in fact, I am enjoying perfect health and feel fine every way. I wouldn't take anything in the world for what Tanlac has done for me, and I will praise it as long as I live."

Tanlac is sold in Seymour by Maxon's Pharmacy, in Crothersville by C. W. Taulman and in Brownstown by Chas. Brock.

**Stay Away from People with
Coughs and Colds.**

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

BEAUTY AND HAPPINESS

Every Woman's Dream

Happy homes, free from the drudgery of hard housework, go a long way towards making women contented and keeping them young and beautiful.

No one can eliminate the daily tasks which every woman must do, but they can be made easier, quicker done and far more pleasant.

Thousands of women have proved that to use JOY Soap for washing and house cleaning reduces the work, quickens it and takes away much of the distastefulness.

Joy Soap saves time because it works so much faster and better. That means you have more time to do the things you enjoy most.

Joy Soap saves work, because it does the cleaning itself—you don't have to scrub and scour. Joy Suds disintegrate and dissolve the dirt.

Joy Soap saves money because it lasts longer. It has a firm, fine body that does not get sticky and waste away.

It is far more pleasant to work with because it feels good to the hand and doesn't leave a "soapy smell." It is a cool, white soap that "works like a wizard!"

MAN SAVES WIFE

IN NICK OF TIME

"My wife was unable to eat even the lightest food, and had fallen away to a living skeleton. She could not even keep doctor's medicine on her stomach and was tortured with pain. On the recommendation of a friend I bought a bottle of May's Wonderful Remedy and she is all right now and has gained forty pounds." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All Druggists.

Mrs. Ed McCrary, who has been visiting her parents, Mr. and Mrs. C. P. Tovey, left this morning for residence in Indianapolis. Mr. McCrary has been employed there for several weeks. She was accompanied by Miss Lillian McCrary, of Brownstown, who will spend a few days there.

JACKSON COUNTY A BATTLE GROUND

(Continued from first page)

cally the same number of platforms. The candidates who have been certified to the county clerk and whose names will appear on the ballots were: Harry C. Canfield, Batesville; Charles H. Conoway, Friendship; James A. Craig, Greenwood; Clarence C. Custer, Columbus; and William A. Ricketts, Rising Sun. Conoway is the only candidate of the quintet that is openly making the race on the "wet" platform. He announced late in the campaign and told the Democrats of his district that he wanted the nomination and would seek the election in order to fight the prohibition laws and to give "personal liberty" to his constituents. Some of the other candidates have taken just as positive a stand in favor of prohibition regulations. However, it is not the belief of Democratic district leaders that the nomination will be made on the "wet" and "dry" issue.

The total Republican and Democratic vote in the Fourth district has not changed greatly during the last few years. In 1910 the total vote was 39,922 with the Democrats having a majority of 4,080. In 1912 the Democrats had a majority over the combined Republican and Progressive vote of 4,264, the total vote cast being 44,226. In 1914 the Democrats cast 22,795 while the Republicans and Progressives polled a total of 21,475.

In the last election John S. Benham, Republican candidate for representative, defeated Lincoln Dixon, Democratic incumbent, by 317. Jackson county in 1918 polled a total of 4,879. Of this number 2,481 went to Dixon and 2,398 were registered for Benham, giving Dixon a majority of eighty-three votes.

The Democratic candidates this year hope that conditions will be like they were in years gone by and for this reason are making a strenuous fight for a solid foothold in Jackson county. However, with the large number of candidates seeking the nomination it is more than likely that the vote will be divided and that none of the candidates will receive an overwhelming plurality. The situation in other counties in the district is said to be much the same as it is here. The fight is one of the most strenuous that has been waged for years. A contest for the Democratic nomination for congress in this district is something new as Former Representative Dixon held the place for several terms and was re-nominated each two years without opposition.

HIGHEST Quality Awards

BREAD Is an exceptional food

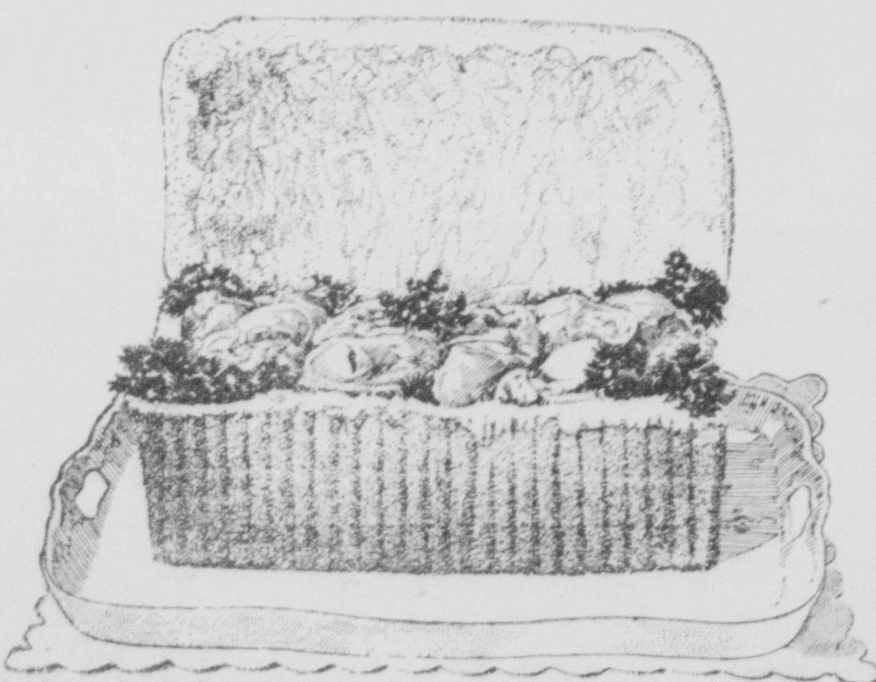

We all eat bread and like it. But, few of us ever consider the strength and body-building qualities contained in every loaf. And few of us know the tasty dishes that can be made with bread. Here is a delicate entree that will appeal to all.

OYSTERS IN A CRUST CASE

1 loaf of Star bread	2 tablespoons flour
1 quart of oysters	1 cup milk
½ cup melted butter substitute	Salt and pepper to taste
2 tablespoons butter	1 lemon
	Parsley

Cut top from loaf of bread, remove crumb, brush inside of case with melted butter substitute and place in slow oven to become crisp.

Prepare top in same way and fasten it to the crust.

Eat more bread and make Star Bread your favorite brand.

PIMPLY? WELL, DON'T BE

**People Notice It. Drive Them
Off with Dr. Edwards'
Olive Tablets**

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

RACING HORSE SHOE TIRES

After 3,500 Miles

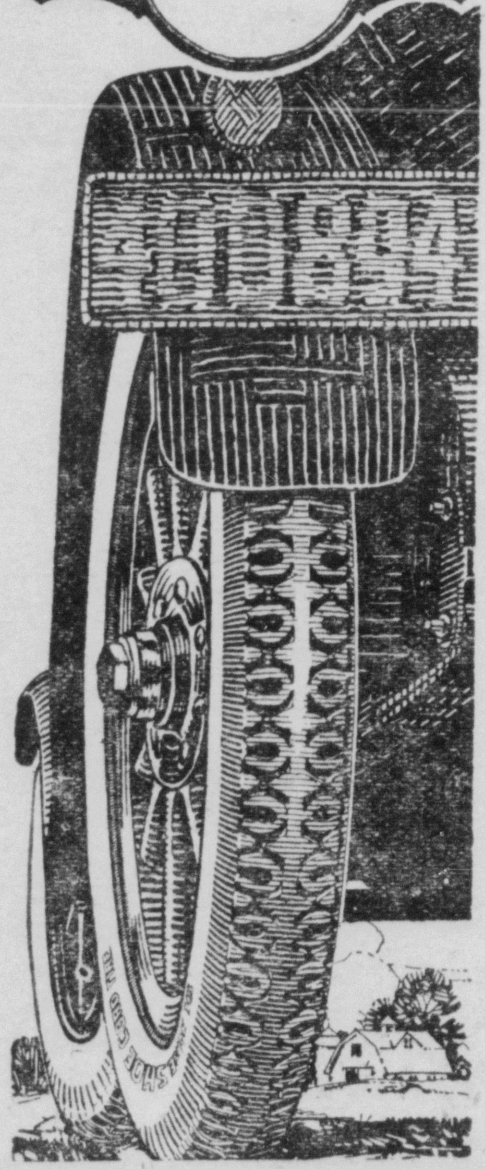

It is the performance after the first 3,500 miles that determines how much a tire costs.

Many business corporations, states and municipalities that buy tires on a cost-per-mile basis use Horse-Shoe Tires exclusively. They know that after the first 3,500 miles, Horse-Shoe Tires are wearing down smoothly and evenly while other tires are wearing out.

We do not ask you to take our word for Horse-Shoe Tire performance. But when you put one on your car, we know that its service after 3,500 miles will convince you.

AFTER EFFECTS OF INFLUENZA WERE OVERCOME

Barber's Wife Feels 100 Per Cent. Better Since She Began Using Trutona.

Terre Haute, Ind., April 16—If you are in doubt whether Trutona will quickly and thoroughly overcome the severe after effects of influenza and pneumonia, read the following interesting statement of E. S. Hodgers, a well known barber of 312 Swann Street, Terre Haute. Below is what Mr. Hodgers says:

"Since my wife had influenza several weeks ago her system has been in a generally run-down condition. She didn't seem to have any appetite and complained of feeling so weak and tired out all of the time. Her stomach caused her much trouble, too. Everything she would eat hurt her. She was so constipated that it was necessary for her to use laxatives nearly all of the time."

"We had been reading in the Terre Haute papers of the beneficial results of Trutona, so my wife decided to try it. She's taken only one bottle of Trutona, but she informed me today that she feels a 100 per cent better already. Mrs. Hodgers declares her appetite is better than it's been for years and she doesn't complain of her stomach hurting her any more. Her bowels are acting regularly and she has dispensed with the laxatives."

"I've noticed that my wife acts and looks like her real self again, since she's taken Trutona. And because of the wonderful results she has gained in such short time, I want to recommend Trutona as a remarkable tonic and system-builder."

Trutona is unsurpassed as a reconstructive agency, system purifier and body invigorant. It is a medicine of unusual merit without a doubt and it is peerless as a treatment for stomach, liver and bowel troubles.

Trutona is now being introduced and explained in Seymour at W. L. Felsmann's Drug Store.
